What's playing tonight? Nothing as dramatic as the stunning scenery of lush and verdant Scotland. With its glacial glens, mysterious lochs and dramatic coastlines, Scotland has rightfully served as the beautiful backdrop for many of our favourite dramas and cliff-hangers. While *James Bond*, *Harry Potter*, and the clans of *Outlander* have introduced us to this awe-inspiring land, the magnificent moors, mountains, woodlands and waterfalls steal the scenes. See them all on this splendid tour of Scotland as you take the incredible roads through the Lowlands, Highlands, and islands to witness the country's breathtaking castles, hallowed battlefields, and mysterious ruins, stopping to catch your breath in the boisterous breweries along the way.
